

Appendix C
Training Record

Meharry Medical Consolidated Clinical Laboratories staff are jointly working under Meharry Medical College rules and regulations and must follow all safety policies. Those are part of the initial new hired orientation training. This include but not limited to: ***The Chemical Hygiene Plan; Bloodborne Pathogen Exposure Control plan and Emergency Preparedness Plan***. All staff must be reviewed all policies and make sure to understand and comply with the content. This Training Record must be signed and dated ANNUALLY by each laboratory worker after reviewing the latest available updated policies ensuring that the hazards in the laboratory have been effectively identified communicated and controlled.
